Notes							
1. Assistive technology, home modifications, consumables, supported employment, supported independent living and specialist disability accommodation are quotable							
2. * depicts supports where Temporary Transformation Payment (TTP) has been applied per the NDIS 2019-20 Price Guide							
3. ^ Staff travel prices are based on the Modified Monash Model (MMM) and vary depending on type of support, location of support and number of clients supported and will be quoted for inclusion in your Service Agreement. Further details on how staff travel is costed can be found in the explanations section of this document							
4. Prices and terms of business are current at 01.07.2019 and are subject to change in line with the NDIS Price Guide. Visit www.kurrajong.com.au/documents/price-guide.pdf for latest version							

EXPLANATIONS

Regional and Remote Areas

The NDIA uses the Modified Monash Model (MMM) to determine regional and remote areas using a scale based on population size and locality.

Clients located in MMM4 and MMM5 areas are classified as 'Regional' and MMM6 as 'Remote'.

Price limits are based on where a support is delivered, which is not necessarily where the client lives.

Further details on the MMM can be found on the Department of Health's DoctorConnect website, which contains a resource to look up the MMM area for particular locations.

Billing for non-direct services

Staff travel

Kurrajong will only claim travel costs from a client in respect of the delivery of a support item if a 'Y' is listed in the Chargeable Staff Travel column and where it has been agreed to by the client in the Kurrajong NDIS Service Agreement.

The maximum amount of travel time Kurrajong will charge for the time spent travelling to each client for each eligible staff member is 30 minutes in MMM1-3 areas and 60 minutes in MMM4-5 areas.

In addition to the above travel, for capacity-building supports Kurrajong will also charge for staff travel for the time spent travelling from the last client to their usual place of work. The maximum amount of travel time that Kurrajong will claim for the time spent on return travel for each eligible staff member is 30 minutes in MMM1-3 areas and 60 minutes in MMM4-5 areas.

Where a staff member is travelling to provide services to more than one client then Kurrajong will apportion that travel time (including the return journey where applicable) between the clients, with the agreement of each client in advance.

Remote staff travel

For capacity-building supports delivered in remote areas, Kurrajong will make specific arrangements with clients to cover travel costs, up to the relevant hourly rate for the support item. Kurrajong will also assist clients to minimise the travel costs that they need to pay by co-ordinating appointments with other clients in an area, so that travel costs can be shared between clients.

Client transport as part of a community participation support

Providing community participation supports may involve a staff member accompanying a client on a community outing and/or transporting a client from their home to the community. In these situations, the staff's time will be charged at the agreed hourly rate for the relevant support item for the total time the worker provides support to one or more clients, including time spent accompanying and/or transporting the client. Where a Kurrajong is transporting two or more clients on the same trip, the staff's time will be charged at the appropriate group rate for the relevant support.

Contribution towards costs of transport itself

Where Kurrajong incurs a cost, in addition to the cost of a worker's time, when accompanying and/or transporting clients in the community (such as cost of ticket for public transport, road tolls, parking fees and the running costs of the vehicle), Kurrajong will negotiate with the client for them to make a reasonable contribution towards these costs which will be agreed to by the client and included in the Kurrajong NDIS Service Agreement.

Cancellations

Where a client provides a short notice cancellation (or no show) Kurrajong is able to charge 90% of the fee associated with the activity as outlined in the Kurrajong NDIS Service Agreement.

Kurrajong will only charge for a short notice cancellation (or no show) if we are unable to find alternative billable work for the relevant worker and is required to pay the worker for the time that would have been spent providing the support.

A cancellation is a short notice cancellation if the client:

- does not show up for a scheduled support within a reasonable time, or is not present at the agreed place and within a reasonable time when the provider is travelling to deliver the support; or
- has given less than two (2) clear business days' notice for a support that meets both of the following conditions:
 - the support is less than 8 hours continuous duration
 - the agreed total price for the support is less than \$1000; or
- has given less than five (5) clear business days' notice for any other support

There is no limit on the number of short notice cancellations (or no shows) that Kurrajong can claim in respect of a client, however Kurrajong has a duty of care to clients and if a client has an unusual number of cancellations then the Kurrajong will seek to understand why they are occurring.

NDIA Reporting

Kurrajong is expected to provide progress reports to clients and NDIS at agreed times. Kurrajong may charge for the time taken to write a report (including functional assessment) that is requested by the NDIA, and claim this against the appointment at the hourly rate for the relevant support item. A report requested by the NDIA is considered a report that is required at the commencement of a plan which outlines plan objectives and goals, and at plan review which measures functional outcomes against the originally stipulated goals. Kurrajong is also expected to make recommendations for ongoing identified needs. Kurrajong may charge for any other NDIA-requested report that is stipulated as being required in a client's plan.

Non-Face-to-Face Supports

Non face to face activities are billable if:

- the activities are part of delivering a specific disability support item to that client (rather than a general activity such as enrolment, administration or staff rostering); and
- Kurrajong explains the activities to the client, including why they represent the best use of the client's funds (i.e. explains the value of these activities to the client); and
- the proposed charges for the activities comply with the NDIS Price Guide, and
- the client agrees to pay for the activities (preferably in a service agreement).

Research undertaken Kurrajong for capacity-building supports that specifically link to the needs of a client and to the achievement of the client's goals may be billable as a non-face-to-face support with the client's prior agreement.

Goods and Services Tax (GST)

All items are GST-free, as per Australian Tax Office information about GST and NDIS and the application of section 38-38 of the GST Act.
